We elevate the importance of education and self confidence among the new generation. We strongly believe that all those who can make a difference will support our mission.

Since Children's Smile Foundation began its work, we have been working continuously to improve children's future and intend to do so as long as our sponsors allow us to.

Your support will be distributed adequately according to the needs of particular areas.

CHILDREN'S SMILE FOUNDATION

HELPING CHILDREN
IN NEED!

JOIN US!

Children's Smile Foundation focuses on the needs of abandoned children, those suffering from variety of diseases difficult to cure, as well as children coming from poor or broken families.

The organization meets basic human needs, offers mental and physical support, facilitates social interaction and creates supportive community for young people.

Children's Smile Foundation services are primarily for children living in orphanages throughout Poland; however, we don't limit our work to one organization. We work with families struggling with their children's medical bills or in need of special attention.

We believe that education is the best investment a child can receive, and so some of our aid is designed to reach academic goal. A great part of funds is spent on extracurricular activities, educational tours or language lessons.

Our organization came to existence in 1999. While on vacation in Poland, Krzysztof Rostek, our first future president, visited an orphanage and after spending time with children who were deprived of family warmth, he decided to do everything in his power to bring more happiness into their lives, built their confidence and improve orphan's living conditions.

A group of motivated friends got together in a pursuit of a better life for children whose childhood was taken away. They organized fundraisers, auctions, poetry evenings, entire proceeds sending to those in need of support. Organization's formal establishment is marked as of November 26, 2003, when The Board of Directors was created and the statue was approved.
